

NIMC Board of Directors – Declaration of Interest 2021

The Northern Ireland Museums Council requires the members of the Board of Directors and senior management to declare any direct or indirect interests which the public might reasonably perceive as having a bearing on the judgement and business conducted by the Board. It lists directorships, professional appointments, consultancies, and shareholdings and can include the interests of family members or associates, where relevant. The register is formally updated annually and made publicly available through the NIMC website.
