About

This grant scheme aims to support activities that promote playful museum spaces, and programming for children under 5. All grant-funded activities should take place during February 2024 to coincide with the Playful Museums Festival.

PLEASE NOTE: It is the responsibility of the applicant to clearly demonstrate how they meet the Assessment Criteria within the Application Form.

Assessment Criteria

This fund prioritises applications which clearly demonstrate that:

- The activity is specifically targeted to meet the developmental needs of babies, toddlers and/or pre-schoolers under the age of 5.

Please note that you will be asked to report on the numbers benefitting from the planned activity. These should be recorded as under 5s, children aged 5 and over, and adults. It would also be advisable to consider how you will assess and evidence any outcomes arising from your project, over and above the number of participants. NI Museums Council will prioritise applications that demonstrate a considered approach to assessing project outcomes and impacts.
